If Congress open the door for the payment of claims of damages to "loyal citi zens and loyal States" growing out of the war, three hundred millions will not make a priming to the claims that will come in A flood gate will be opened through which an ocean will roll. The "damages" that will be preferred, will exceed the National debt thrice told. The loyal State of Kentacky alone would probably require five or six hundred millions to satisfy her claims for damages sustained during the war National bankruptcy and repudiation would be the inevitable result. Any Congressman who will vote for the payment of these claims should be ordered by his constituents to resign, and when he comes home he should be drummed out of the district to the time of the regue's march.

Sounds in the Brazilian Forests.—The silence and gloom are realities, and the impression deepens on a longer acquaintance The few sounds of birds are of that pensive and mysterious character which intensifies the feelings of solitude rather than imparts a sense of life and cheerfulness. Sometimes in the midst of the stillness a sudden yell o scream will startle one; this comes from some defenseless, fruit-eating animal, which is ponneed upon by a tigercat or stealthy bon-constrictor. Morning and evenings the howling monkeys make a most fearful and harrowing noise, under which it is difficult to keep one's bnoyancy of spirit. The feeling of inhospitable wildness which the forest is calculated to inspire is increased telifold under this fearful uproar.

Often even in the still bours of mid-day, a sudden crash will be heard resounding afar through the wilderness, as some great bough or entire tree falls to the ground-There are besides many sounds which it is impossible to account for. I found the na tives generally as much at a loss in this respect as myself. Sometimes a sound is heard like the clang of an iron bar agains a hard hollow tree, or piercing cry rends the air; these are not repeated, and the succeeding silence tends to heighten the unpleasant impression which they make on the mind. With the natives it is always the Curapira, the Wild Man or Spirit of the Forest, which produces all the noises they are unable to explain.

The New York Times alleges that when the Hon. Joshua Hill, of Georgia, was in New York recently, he stated that the friends of the Union held the State of Georgia from the vortex of Secession until Mr. York Tribune in his hand, triumphantly reading an editorial declaring that the Southern States had a right to secode, and that the Federal Government had no right to hold them. "That," said Mr. Hill. overthrew us, and the State was "rushed out of the Union." It is also true that in the application of Mr. A. II. Stephens for FROM KNOXVILLE TO NEW YORK pardon, he states that the support of secession by Mr. Greeley, in The New York Tribone, was one of the principal reasons for his embarking in the cause of treason. When he found so prominent a leader of the Republican party advocating the separation of the country, he felt that longer resistance on his part was unnecessary and useless.-Chicago Republican.

MEDICATED VAPOR BATHS, For the Prompt, Thorough and Radical Cure of all forms of

Primary, Secondary, and Tertiary Syphilis.

DR. J. T. SALTER WOULD RESPECTFULLY ANNOUNCE TO THE AFFLICTED, that he is now prepared, at his rooms, on Gay street, opposite the Lamar House, Knoxville, Tenn., to administer
this great remedy to all who are afflicted with any form of the above-named disease. Dr. Salter has found, after long and varied
experience in treating this most insidious and inveterate disease, that the only perfectly reliable course of treatment for the
certain eradication of all Syphilitic taint from the system is that of Medicated Vapor Baths, judiciously administered, with the
proper auxiliary remedies. Dr. Salter takes great pleasure in being able to state, that since he has pursued his present mode
of treating this hydra disease, he has not, to the best of his knowledge and belief, falled in a single instance of having effected a
radical cure of every case in which the patient has gone through with his regular course of treatment.

His treatment is as mild and pleasant as it is prompt and efficient. No one, who is able at the time he comes under his treatment to go about and attend to business, will have to be confined for a single day during the course of treatment.

That those who have suffered for months, perhaps for years, with this most losthsome and destructive disease, that, too, after
having spent large sums in the employment of different physicians and various so-called remedies, may be induced to give his
treatment a trial, he will here state, thathe is willing, in every case that he undertakes to cure, to enter into obligations to return
all fees in case he should fall to reader entire satisfaction.

Dr. Salter specially treats all diseases peculiar to the Urinary and Generative Organs. Also, Chronic Disease of every charsolved for the fall of the Skin, and the Nerres.
